

STUDENTS' TRAINING CAMP PROVES TO BE BUSY PLACE

Professor P. H. Baggett Named as Director for Region That Includes Virginia.

HANG THREE NEW PORTRAITS

North Carolina Solicitor Begins Investigation of Lynching of George Taylor, Assailant of Mrs. Rogers, Near Roanoke.

RALEIGH, N. C., November 9.—The central office of the regional director of the students' army training camp, which was located here by the lamented Dr. E. E. Graham, is a busy place, with Business Manager John C. Wardlaw in charge and Professor P. H. Baggett, of the State university, acting director in the stead of Dr. Graham. There is every indication that very soon Professor Baggett will be commissioned as the director for this region, which includes North and South Carolina and Virginia, Georgia and Florida.

Director F. A. Olds, of the North Carolina Hall of History, has just installed three new portraits of honored North Carolinians on the walls, they being Colonel Albert Cox, Major-General George W. Meade and Brigadier-General Samuel L. Paine, also excellent portraits of General Bryan Grimes, Captain John E. S. Van de Bockelen, of the Confederate States army, a German airplane emblem, sent from the French front by Colonel Albert Cox, has been given a place in the Hall of History.

Solicitor H. E. Norris has started an investigation of the lynching of George Taylor, assailant of Mrs. Rogers, near Roanoke, but little progress is being made that would tend to disclose direct evidence of the identity of any of the lynchers. The group of Taylor up by his feet and ridged his body with bullets.

The N. Jacob Hardware Company, of Wilmington, was chartered to-day with \$250,000 capital, authorized and subscribed by Marcus W. Jacob, Blanche D. Jacob and L. Latta, all the stock except two shares being owned by Marcus W. Jacob. The business was established many years ago by the lamented Nathaniel Jacob, who was one of the most active Odd Fellows in Eastern Carolina, and donated a splendid building to the Odd Fellows' Orphanage at Goldsboro.

Governor Bickett authorized a two weeks' special term of court for Chatham County, beginning December 3. The first week of the term will be presided over by Judge Kerr and the second by Judge Bond. The Governor also authorized a special term for Calhoun County for two weeks with Judge Cline presiding. But the courts are to take the place of terms that were called off on account of the influenza epidemic.

The decision of the Supreme Court last evening in the case of Woodall vs. Western Wake Highway Commission sustains a \$3000 fine levied for a road and established the position of the court that road construction and maintenance is a necessary expense that can be taken without the vote of the people, and that incorporated towns such as Cary, in this district, can be held for their portion of the road bonds in spite of their separate corporate privileges.

KEEP ON TRAINING

Major-General Leonard Wood Issues Special Notice to Men to Camp

[By Associated Press.] CAMP FUSTON, KANS., November 8.—Major-General Leonard Wood Friday posted the following appeal to men of the Tenth Division:

"Even if an armistice is signed, it doesn't mean the end of the war. It simply means that the terms of peace will be discussed. They may or may not be agreed upon. The work and training of the division will go on with the same energy and spirit as heretofore.

"There is nothing in the present situation which justifies a change of procedure on our part—and as soldiers it is our duty to carry on without reference to an armistice until we receive instructions to the contrary."

THIN PEOPLE NEED BITRO-PHOSPHATE

How It Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances.

"Take plain bitro-phosphate" is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need

Miss Josephine Davis, reporting her own experience with BITRO-PHOSPHATE, says: "It is remarkable what I did for me. After a few days I began to regain my strength, felt full of life, was able to sleep soundly and all my little troubles seemed to disappear. I gained twelve pounds in four weeks."

more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Franks and all good druggists under a guarantee of satisfaction. It produces a welcome transformation directly and by feeding the body cells with the necessary phosphorus, foot elements, bitro-phosphate quickly produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, due to the increased vitality and cheeks grow with the bloom of perfect health.

CAUTION: Although Bitro-Phosphate is recommended for reducing excess fatness and general weakness, owing to its remarkable energizing properties it should not be used by any one who does not desire to get on their feet. Adv.
